#### ENERGY MANAGEMENT SYSTEM POLICY

We, At S.V.P College, are concerned about the importance of energy in our lives & make continuous efforts to minimize our energy consumption status. To ensure our energy usage in most efficient way we promise to: -

- To implement present energy regulations & to full fill all national & state government legal compliances.
- To use products having high energy efficiency level.
- To make & train college staff & students for efficient energy usage while performing their roles & responsibilities.
- By organizing seminars, workshops & training sessions on energy and its importance and regularly working to justify our energy policy.

By Following ISO 50001:2018 energy management system standards we are committed to do continual improvement in terms of saving energy.
